The style techniques include braiding, twisting, wrapping, extending, and locking natural hair. The coursework also includes teaching the proper health, safety, and sanitation procedures to avoid spreading infections. The student will be able to apply their skills to clients who visit the clinic. The 300-hour course is completed in two semesters. After successfully completing Natural Hair I and Natural Hair II students will be able to sit for the North Carolina State Board of Cosmetic Art's exam to become a licensed Natural Hair Care Specialist.

This introductory course will fill that gap in training which has become more apparent as violence against the public and public safety personnel alike continues to rise from sources such as gang activity and domestic terrorism. In this course we will teach and reemphasize key components of tactical medicine.

The knowledge base competencies will cover health and social issues that disproportionately impact clients including but not limited to chronic diseases such as diabetes, asthma, and cancer. Some of the social issues covered will include safety, emergency preparedness, social isolation, and adverse childhood experiences (ACES). Students will also learn about the changing health care landscape in NC and how to work with their clients in connecting them to resources through NCCARE360 and others. Upon completion of this training, students will be eligible for listing as a NC Certified Community Health Worker. Course
